Introduction

Caring for someone can be a strain so it is important that you have regular breaks to look after your own wellbeing and quality of life. You should think about the type of break you need and the support the person you care for will need to have in place at that time. This Fact Sheet provides information on respite care services available including home care, live-in help and residential homes and where to get further advice in this respect.

It should also be noted that our Fact Sheet No.7 – Holidays and Breaks (November 2022) provides a lot of information on holidays and breaks for carers separately, for carers and the people they care for together and for cared for people separately.

The Carers Hub

The Carers Hub is a single point of contact for unpaid carers in Brighton and Hove to access information, advice and support services that are available to them. This includes help with information on respite care services for the person cared for. The Hub can also carry out a carer's assessment, if thought necessary (see below), and put the carer in touch with the Council's Adult Social Care services if help with replacement care is needed.

You can contact the Hub as follows:

Tel: 01273 977000

Email: info@carershub.co.uk

Website: www.carershub.co.uk

The Carer's Assessment

A carer providing unpaid support to someone who could not manage without their help has the right to a carer's assessment. It can be a useful step in helping you to understand your situation as a carer and the needs you may have. The assessment is a discussion between the carer and one of the Hub's Carer Support Workers. The assessment is usually carried out over the telephone and takes about 20 minutes.

Care and Support Services Directory 2023/24

The East Sussex and Brighton and Hove Care and Support Services Directory 2023/24 published by Care Choices Ltd is an important source of information on care and support services available in Brighton and Hove. It includes advice on services for carers including breaks from caring and choosing home care providers and residential care homes.

It also lists home care providers, care homes and nursing homes in Brighton and Hove registered with the regulatory body, the Care Quality Commission. The specific types of services provided by these e.g. for older people, people with dementia, people with physical disability, people with a mental health condition are specified.

The Directory can be viewed or downloaded from the website www.carechoices.co.uk A hard copy can usually be obtained from the Carers Hub or from the Brighton and Hove Adult Social Care Access Point, Tel: 01273 295555, Email: accesspoint@brighton-hove.gov.uk
